

EUROPEAN UNIVERSITY OF LEFKE

RECOMMENDATION WEBSITE FOR TRAVEL

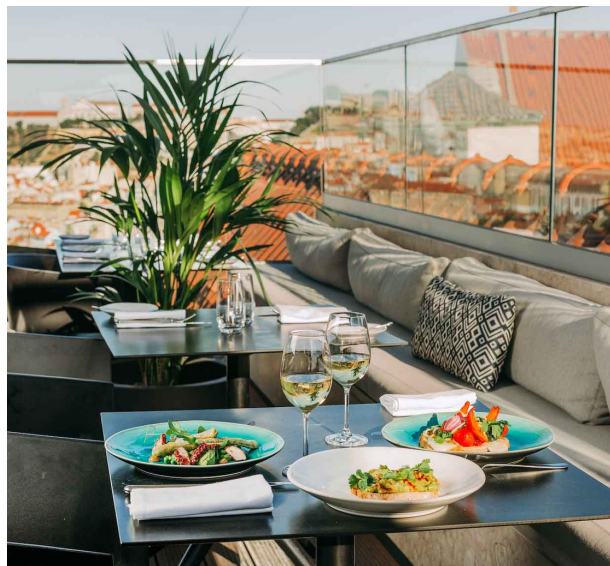

INTRODUCTION

Instead of visiting separate sites for all the best hotels, restaurants and popular places, all research can be done on this site.

OBJECTIVES

When planning a trip, we do extensive research to make it the best trip. With this website, these long researches are reduced to a very short time.

METHODOLOGY

The site is designed using HTML, CSS, JavaScript and PHP tools.

BENEFITS

- Save time
- Easy access
- Detailed category
- Other user reviews
- Link for details on the pages

CONCLUSION

With this website, travel planning becomes a much easier and shorter process.
